## NEW CONFERENCE FORMAT

Hello! We hope you've saved the date for TNA's Seventh National Conference, to be held in Dearborn, MI on September 12 and 13, 2008.

As you review this brochure, you'll notice that the schedule this year looks different than it has in the past.

We have traditional presentations followed by **debates**. Hear the experts discuss their views with one another.

With **fewer concurrent sessions and hour-long breakout sessions on Friday and Saturday, you will have the opportunity to talk one-on-one** with those who treat facial pain. You can also **see videos** of several surgical procedures, including a **3D video of an MVD!**

This year's conference, as in others, is offered to **give you the information you will need to help you make the best treatment decision for you or someone you love.**

If you haven't registered, we urge you to do so today using the registration form in this brochure or by visiting the TNA website at [www.endthepain.org](http://www.endthepain.org).

**See you in September!**
