TIC TALK

JANUARY 2007

SUPPORT GROUP MEETING THIS SATURDAY- FEBRUARY 3rd, 2007 2:00-4:00 P.M.

We will hold our first meeting of the year this coming Saturday. I would like this meeting to be a planning meeting to gain support in planning our meetings, securing speakers and getting volunteers to assist with the meetings.

I have been in phone contact with three new TN patients and hopefully they will be able to attend this meeting also. The support we can give to new TN patients is really important for them to help manage their pain and secure the proper treatment.

I will not do a full report on our December meeting until my next newsletter, it seems I have lost my glasses (trifocals) and am not seeing too well. I did want to welcome Richard Skinger to our group and will give his story in the next newsletter. Also' I promised to include the information on Judy St. Martin's new doctor: Joseph J. Warner, M.D. (Neurology and Neuroscience Diplomate) 3728 Phillips Highway, Suite 31, Jacksonville, FL 32207. (I received an e-mail from Judy that she has moved sooner than expected and will not be at future meetings. She is a Navy wife, we will miss her)

I have been overwhelmed over the Holidays with both my husband and I getting a bug, in addition to our revolving door of company and two serious illnesses in my family, so please bear with me.

The schedule for the meetings for the year follows:

February 3	September 8*
March 3	October 6
April 14*	November 3
May 5	December 1
June 2	

I have reserved the rooms for 12:30-4:00. I would like to discuss moving the meetings to start at 1:00 P.M. This will allow people who travel a greater distance to get home at a reasonable time and for those with other Saturday commitments to get home earlier.

*The April and September meetings are the second Saturday since the first Saturday falls on a holiday weekend.

I am including an article that Ruth Eisen sent me that we should all read prior to the meeting. I miss Ruth so much at our meetings, but she still provides support to me. While see is feeling better her husband is not and she is unable to attend most of our meetings. Thanks Ruth for always being a great support. The article follows:
